NEW WATER PERMIT FEE INFORMATION

EFFECTIVE NOVEMBER 3, 2008:

The increased water connection fee being assessed by Carmel Utilities when a water permit (or combined water and sewer permit) is issued will go into effect for any applications being submitted as of 11/3/08. The fee is being raised from the existing rate of \$1,310.00 to: \$2,615.00. (This amount excludes the water tap inspection fee that is also part of a fee for a new water connection permit.)

WATER PERMIT ONLY AS OF 11/3/08:

The 2 fees applicable when only a water connection permit is being issued are:

1. The \$2,615.00 water connection fee.
2. The \$86.00 water tap inspection fee.

****The total for permits that are strictly for water connection only as of 11/3/08 is: \$2,701.00.**

COMBINED WATER & SEWER PERMIT AS OF 11/3/08:

The 4 fees to be paid when a combined water & sewer connection permit is being issued are:

1. The \$20.00 sewer inspection fee.
2. The \$775.00 sewer connection fee.
3. The new \$2,615.00 water connection fee.
4. The \$86.00 water tap inspection fee.

****The total for a permit for combined sewer/water connection permit as of 11/3/08 is: \$3,496.00.**

❖ *Dick Hill of the City of Carmel Engineer's office should be contacted for water availability/connection fees for multi-family, commercial, & institutional projects. (This includes availability fees only for new subdivisions.) (317) 571-2441.*
